SOUND EFFECTS

Incognet Samples Tech House Evolution Vol 3 (WAV, MIDI): Crafted in the spirit of artists like Chris Lake, PAX, Biscits, and labels such as INSOMNIAC, Sink or Swim, and Repopulate Mars, this comprehensive pack equips you with everything necessary to produce contemporary tech house music.

- Noteworthy attention to One Shot, offering a rich variety of top-notch Kicks, Claps, Hihats, and particularly useful Tonal Stabs, including Bass Shots and Stab Shots. Elevate your tracks with diverse and engaging sounds.

- Instrumental Loops and Drum Loops are highlighted, featuring meticulously crafted LFO-infused Tech House Synth Loops and other instrumental loops. The pack is designed to provide a wealth of options for enhancing your tracks.

- The Presets folder is a standout feature, housing numerous Serum presets with pre-listen WAVs for easy previewing, allowing you to quickly assess the character of each sound while searching for the perfect preset.
