Most important instruction:

- First, open an image in Photoshop. Then, you must resize the image. To alter how big your photo is, simply click the crop tool. Then, on the top menu bar. There are W x H Reso, and three empty boxes. Note that you write 3000px W H 2000px, and Resolution 72. Make sure you increase the size of your image's canvas to get the best outcomes. Select your background image and then apply the crop tool on the toolbar. You can then increase the size of the area around the image.
- Open your photo, add an additional layer, and then alter the title in the name to "paint" (in lowercase). Choose a brush and then paint your picture. Make sure you close the "paint" layer eye and continue to select the "paint" layer Then click play.
