Vicious Antelope Technolove Serum Presets: Introducing "Technolove," an extensive 80-preset soundbank crafted for Serum, catering specifically to techno producers. These versatile sounds seamlessly suit both contemporary and retro techno productions, as well as various other electronic music genres.

Delve into the sonic possibilities of Serum with 80 meticulously designed patches spanning categories such as basses, leads, stabs, and polysynths. Tailored for a spectrum of techno styles, from dark and edgy to melodic, this soundbank effortlessly bridges vintage and modern approaches. With abundant modulation options and macro assignments, the 4 macros open up a world of creative sound exploration.

The soundbank comprises:

- 10 Bass Presets
- 9 Distorted Presets
- 8 Hard Stab Presets
- 7 Keys Presets
- 11 Lead Presets
- 12 Pad Presets
- 13 Stab Presets
- 10 Synth Presets

Accompanying the release is a demonstration video, featuring two parts. The first part showcases a "retro bass techno" composition created exclusively with "Technolove" (excluding kick and hats). The second part offers a classic demonstration, highlighting each individual preset from the soundbank.

These presets were meticulously crafted using Serum v1.334 and are optimized for this version or any newer editions. Elevate your techno production experience with the diverse and powerful sounds of "Technolove."
