This action has been tested and working on Photoshop (English versions)CS4, CS5, CS6, CC, CC+.

High-resolution photos are best for the best results.

These are the steps to follow:

- Open Photoshop.
- Click "Actions", on the "Window Tab". After the window has opened, you will see an arrow in the upper right-hand corner. Click this button and click "Load Actions".
- Go to Edit > Preset > preset manager to load Brushes files
- Go to Edit > Preset > preset manager to load your patterns file
- Open your photo.
- Make a new layer. Brush the photo area. The layer's name is "brush". It is recommended to use a soft brush
- Select your desired action, then click the play button.
- You are done!

Included File

- ATN File.
- ABR File.
