.Net　　Components

ASP.Net

Together with FastReport.Net, you may produce application-independent. Net reports. To put it differently, FastReport.Net may be utilized as a standalone coverage instrument.

Includes strong visual report designer for creating and changing the reports. Your program can run the programmer out of the code.

Contains online report designer for ASP.Net (just in Enterprise edition)

Connect to any database, utilize any of its own tables or make queries

Add dialog form(s) for a report to prompt for parameters before running a record.

Employing a built-in script, you can handle the interactions with dialog form controls and execute complex data handling.

Ultimately, see the result and then print or export it into many common file formats.

Connect to any database, utilize any of its own tables or make queries

Add dialog form(s) for a report to prompt for parameters before running a record.

Employing a built-in script, you can handle the interactions with dialog form controls and execute complex data handling.

Ultimately, see the result and then print or export it into many common file formats.

FastReport CoreWin Great Features:

FastReport.Net is composed in C# and comprises just managed code. It's compatible with .NET Framework 2.0 and greater. .NET Framework 1.x Isn't supported

You can find the complete source code. FastReport.Net may be customized to suit your needs.

Object Map. It's possible to add geographic maps to your account.

Confirm the clouds. FastReport.Net may store reports to one of three solutions: Google Drive, DropBox, and SkyDrive.

Reasonable cost and licensing coverage. At a fair price that you get a full-featured coverage solution using a royalty-free runtime research engine along with a designer!

Extendable FastReport.Net architecture permits you to create your own items, export filters, wizards, and DB engines. If present attributes aren't sufficient for you, then expand them!

Supports RDL format - export and import. RDL vs. FastReport.Net comparison desk
Imports Crystal Reports templates. Crystal Reports vs. contrast desk.

Very compact and very Fast!
