Archipelago – QUEST 05 GEMTONES PRESETS + PROFILES:

Inspired by the holy mineral (Rose Quartz Citrine, Jasper, and Obsidian). Q5 captures these gorgeous tones found in nature, changing and amplifying your photos. Each profile functions as a vibrant gem-tone veil that reflects colors and contrast.

- **A05i/Rose Quartz** This profile permits an increase in the richness and intensification of contrast rose hues.
- A05ii / A05ii / Citrine The Citrine Profile has a tawny citrus undertone and adds dynamic contrast.
- A05iii / A05iii / Jasper The Jasper profile enhances the color and mood.
- A05iv / A05iv / Obsidian Reduce the Obsidian profile on images with low exposure to increase lightness and also boost the profile on images that are well-exposed to increase contrast.
- The set is required to have Adobe Lightroom Subscription
- This set requires the LR Classic (v11+), Adobe Photoshop CC (v11+), or LR CCC (v5+) and/or Adobe Photoshop ACR (v14+).
- This set is built on our custom creative profiles that were created for use with raw images.
- The Presets and Profiles were designed and extensively tested using RAW file formats that came from Canon, Nikon, Sony, Fujifilm, Pentax, and Leica.
