MatiasMac.SD Infiltration (WAV): Step into the realm of "INFILTRATION," an extensive collection featuring 161 meticulously crafted sound effects designed for contemporary espionage and infiltration productions.

This 1.4 GB pack encompasses a range of elements, from intense low-frequency atmospheres to commanding synth movements, serving as your covert toolkit to elevate trailers, movies, games, or musical compositions. Consider it a potent resource for infusing a modern espionage ambiance into your production.

As a special bonus, the pack includes the sources (24 sfx) used to create some of the sounds, providing insight into the creative process.

Sounds Included:

- Atmospheric Element_Low
- Fx_Alert
- Fx_Synth_Drop
- Drone_Pulse
- Fx_Share_Synth_Tension
- Fx_Transition
- Fx_Movement
- Fx_Distant_Atmospheric
- And More...

Whether you're working on a suspenseful scene, a gripping trailer, or a high-stakes game, "INFILTRATION" is your secret weapon for crafting a compelling and immersive espionage experience.
