#### Sam Smyers Serum Viral Sounds Collection (MIDI):

The Sam Smyers Serum Viral Sounds Collection is a versatile compilation of artist-inspired presets designed for use with Xfer Serum, accompanied by MIDI files.

Included in this collection are 155 Serum presets, requiring Serum v.1.363, and 157 MIDI files. These presets draw inspiration from a diverse range of artists, including Fred Again..., Odesza, Lady Gaga, Meduza, and others, providing a comprehensive selection for music production across genres such as Pop, EDM, Indie, House, and more. These presets are crafted from sounds featured in Sam's YouTube, Instagram, and TikTok videos, offering a rich array of sonic possibilities for crafting your next hit!
