3D Modelling & Animations in Blender for Absolute Beginners: Are you ready to dive into the thrilling world of 3D modeling and animation? Look no further because this fundamentals class is tailored specifically for beginners like you!

Whether you're eager to explore 3D realms for personal hobby projects, YouTube animations, video games, 3D printing, architectural visualizations, or even selling 3D models online, Blender is the perfect tool!

This class will equip you with all the skills to use Blender and bring your creative ideas to life!

What You Will Learn:

- Blender Fundamentals: Download and set up Blender, and create/render your first 3D scene!
- 3D Modeling: Craft your custom 3D models to materialize your creative vision!
- Materials & Texture Mapping: Use materials to enhance the visual appeal of your 3D models.
- Animations: Animate anything in your 3D scene using keyframes to produce your 3D movies!
- Rendering: Render your 3D scenes into high-quality still images or movie files for sharing or selling.

Why You Should Take This Class: Mastering 3D unlocks endless possibilities! And with Blender, it's much simpler than you might imagine. Whether you aim to showcase projects online, build a YouTube channel, or monetize your creations, Blender provides the tools you need!
As an experienced Blender user, I've utilized it for various purposes, from creating 3D VFX for YouTube to modeling assets for video games. This class offers a step-by-step approach to help you become proficient in Blender.

What You Can Expect:

- Easy-to-follow, bite-sized lessons
- Hands-on learning experience
- Supportive guidance throughout your journey
- No prior knowledge is required!
- Compatible with the latest version of Blender (3.6.2). Minimum requirement: Blender 2.8 or later

Who This Class is For Whether you're a hobbyist, student, or professional looking to expand your skill set, if you're new to the captivating world of 3D and eager to learn, then this class is perfect for you! No prior knowledge of Blender or 3D is necessary; you only need curiosity and tenacity. Let's get started!
