Advanced Cyber Threat Intelligence: Take your cyber threat intelligence skills to new heights with the Advanced Cyber Threat Intelligence course. Developed by Cybrary, this course delves into advanced techniques to enhance your organization's security. Explore topics such as data acquisition, CTI standards, OSINT, threat intelligence platforms, and analysis using models like Cyber Kill Chain and MITRE ATT&CK framework. The course covers campaign analysis, attribution, dissemination, and different levels of intelligence—tactical, operational, and strategic.

Course Contents:
