SPM Hybrid Laboratory Multi Kit (WAV): Introducing the "Hybrid Laboratory" Multi Kit by SPM.

In the span of the last five months (January 2023 - June 2023), I delved into various musical genres, blending them to create something entirely new and distinctive – a genre I now describe as "HYBRID MUSIC."

For those who've recently joined me on this journey as a producer or sound designer, it's important to note that my music isn't crafted for the mass market. This kit represents a piece of art that I'm excited to share with all of you, aiming to infuse a fresh sound into your music.
