VHS Vintage Effect for DR – Old TV Style Filters VH-51777038:

Introducing our VHS Vintage Old TV Effect pack for DaVinci Resolve, designed to transport your footage back to the nostalgic era of VHS tapes. Specifically crafted for DaVinci Resolve users, this pack offers a selection of authentic retro effects perfect for filmmakers and video creators seeking to infuse their projects with classic charm.

- Tailored .dra file for easy integration into DaVinci Resolve.
- Includes 10 custom vintage LUTs to add grainy, distorted aesthetics reminiscent of VHS tapes.
- Authentic VHS Effects: Each effect accurately replicates the look and feel of vintage television, complete with noise, lines, and color distortions.
- Easy Installation: The .dra format ensures hassle-free application within DaVinci Resolve, seamlessly fitting into your workflow.
- Enhanced Creativity: With 10 unique LUTs, you have a diverse range of vintage visual styles to choose from, allowing for creative experimentation.
- Perfect for DaVinci Resolve: Designed exclusively for DaVinci Resolve, ensuring compatibility and optimal performance without the need for additional adjustments or plugins.

Elevate your videos with the VHS Vintage Old TV Effect for DaVinci Resolve. Add a touch of retro charm and captivate your audience with visually captivating, nostalgic content that pays homage to the golden age of analog video.
