What is Canary Julz The Amethyst Collection (MIDI Collection)?

The "Canary Julz The Amethyst Collection (MIDI Collection)" appears to be a specialized collection of MIDI files created by Canary Julz, a producer and music artist. MIDI files are a type of digital music notation that contains information about musical notes, timing, and other musical data. Musicians and producers often use MIDI files to create music, as they can be easily edited and manipulated within digital audio workstations (DAWs).
