This product is ideal for any trailer project or film scoring. It is suitable for various styles, including Crime and Mystery, Horror to Adventure, Action to Fantasy, and Science-Fiction to Thriller. Additionally, it is suitable for other scenarios in which film-quality sound is required. The sound was recorded at 192kHz/24Bit, then developed, and then delivered at 96kHz/24-Bit to guarantee the best quality needed for the current Cinematic production requirements. The sounds were edited for immediate use in your creative processes or projects. The sounds are all super-detailed, layered, and altered, and they are easily added to your projects. If you're looking for specific elements to fill in the gaps in your production, you should keep following this Production Elements series. Each issue will focus on various core elements and provide top-quality Blockbuster trailer-style SFX to help you improve your productions.
