

ComponentAce Compression Master Suite v6.97 (10 Oct 2025) for Delphi 4-12 Athens Full Source

2025-11-14 20:20:24

CompressionMaster Suite offers the most extensive and most sophisticated data compression library available to Delphi or C++ Builder. The site includes three different products for data compression: Easy Compression Library, FlexCompress, and Delphi Zip component ZipForge. Compression Master offers a comprehensive solution to develop applications that have encryption and data compression capabilities.

CompressionMaster Suite CompressionMaster Suite allows you to save money if you require two or more of the mentioned products.

CompressionMaster Suite provides the most sophisticated data compression library available in Delphi and C++ Builder. The Suite comprises three different compression tools: Accessible Compression Library, FlexCompress, and ZipForge. CompressionMaster is an all-inclusive solution to develop applications that include encryption and data compression capabilities.

ComponentAce Compression Master Suite Great Features:

- FlexCompress
FlexCompress is a high-speed compression library that was created to enable archive functions to your applications. The solution offers flexibility in compression and robust encryption algorithms that allow you to add archiving or backup features into your software quickly and in an easy method.
- Easy Compression Library
Based on One-Stream's original One-Stream Technology, this software comes with everything you require to compress and decrypt files, stream strings, data packets, string, and even fields in the BLOB.
- ZipForge is a quick ZIP compression toolkit. With this toolkit, you can effortlessly add archive functionality to your work. ZipForge Personal is free for private use.
