- Files work only in Photoshop (min. PS CC2015)
- Pack includes two.psd files. One with the scene is 6000x4000 pixels and one with all canvases at 2900x2900 pixels px. Both 300dpi.
- There are many sizes of canvases. Check the screenshot Nr2 for the complete list.
- You can put one or more canvases on the wall.
- Hyperdetailed 3D model for printing! This is the ;
- Designs applied to canvases are not included.
- Scene elements, such as walls, furniture, and floor, are not editable. However, you can put your canvases on the walls to change the light color.
- It's easy to use It is very easy to use!
- As in all Creatsy mockups, layers are well-organized.
