Every good piece of art begins with sketches so why opt for dull digital pencils that appear good at a distance but are not excellent?

Chromagraph transforms the face of the status quo, using 50 pencils, pastels, and charcoals designed to meet the needs of the digital workflow today from rough sketches to high-end studio art and everything between.

What you'll get:

- Realistic results, without burning the reams of art paper and materials.
- An enormous selection of brushes that cover a variety of styles.
- Created to imitate popular fine-art tools.
- Created from scratch to ensure the best performance for each app that is compatible.
- Edit the embedded brush textures to create personalized outcomes.
- Texture templates for paper archives give additional tackiness to your projects.
- Learn to master your brushes in no time with the helpful user's manual that is included.

What you receive:

- 50 x brushes available for your favorite app, including:
- Traditional graphite sketchers with traditional graphite.
- Coloring pencils.
- Shaders that tilt.
- Specialty pencils.
- Charcoals.
- Pastels.
- Oils.
- Erasers.
- 2 classic texture paper canvases.
- Installation instructions and a user's guide.
