**Waxie Music Library Vol 5:** Waxie Music Library - Vol. 5 is the most recent original sound pack and composition by producer Waxie who is famous for his compositions in various genres. This pack delivers a dark, grimey, sinister and dark vibe, and it also contains many textures and sounds that make it suitable for any genre.

In this library are eleven original samples BPM marked, processed with various vintage digital and analog gear to create warmth, texture, and color.

The stem Option is available to loop, chop, or take every instrument or texture and create new concepts.

**Gfx plugin details of Waxie Music Library Vol 5**
The product is in **SOUND EFFECTS category** , for more information about this post you can click on the home page link in the sidebar.
