Mastering Fabric Mockup : Photoshop 101: Are you looking for Design and Pattern Design or branding and packaging but aren't confident in communicating your ideas and talents professionally? This class is for you!

If you are -

- A) To master Adobe Photoshop
- B) Are you having trouble showing your work
- C) Do you wish to learn the details about Mockups or editable Mockup files?
- D) Illustration or Pattern Maker
- E) In Fashion and Textiles Design

Hello, I'm Shivangi, and in this class, I will guide you through the art of layering, masking, and innovative displacement mapping. You will also learn how to use Adobe Photoshop to create eye-striking fabric mockups that place your brand and design into the spotlight as a professional. This is a fantastic tool for creating various projects, such as textures, patterns and textiles, brand basics, and much more.

This class is where you'll be taught

- How to utilize the masking
- how to utilize displacement mapping
- how to use the smart object

This class is suitable for all ages and ability level. All you need is an open mind and the desire to learn Photoshop.
