Estrattoredati G-Buisiness Extractor v7.6.1

2026-04-08 11:44:01

Estrattoredati G-Buisiness Extractor is an intelligent apparatus that assists you in gathering business prospects from Google Maps. Thousands of businesses can be found in a few minutes as opposed to hours of manual searching. All you have to do is enter your target keywords and location, and the software will collect important information such as names, emails, phone numbers, and websites.

You can extract thorough business data categorized by location and category with a single click. The **Estrattoredati G-Buisiness Extractor** will be updated to remain current; therefore, when Google is rearranged, the software will update automatically. It also comes with an in-built auto-save feature, which means that you won't lose your progress when the program crashes unexpectedly.

You can find local businesses, or you can find companies in all parts of the world, and make it easy and effective with G-Business Extractor. All the data that you have collected can be exported to Excel or CSV files to be managed easily. It is the perfect device for marketers, selling teams, and those who require new leads through Google Maps.

Key Features of **Estrattoredati G-Buisiness Extractor**:

1. **Extract Business Data Quickly** – Collect emails, phone numbers, websites, and more in seconds.
2. **Search by Category & Location** – Target the exact type of business and area you want.
3. **VPN & Random Delay Support** – Ensures safer, more natural connections while scraping.
4. **Automatic Updates** – The software adapts to Google's changes so it never stops working.
5. **Auto-Save Function** – Protects your data by saving progress automatically.
6. **Export to CSV/XLSX** – Organize and use your captured leads in Excel or other tools.
7. **Detailed Data Capture** – Includes business name, address, city, state, postal code, country, latitude/longitude, and even the Google Maps page URL.
