Multi Frame Stories Pack - AE Project VH-39805398: Simple and clean stories pack to create a warm opening for events or fashion-related videos or an inspirational corporate video slideshow. It includes 15 story templates.

They display videos on an exhibition wall that has multiple video screens. They are hung in front of the viewer and then replace with another as if looking at an exhibit. Black background, crisp, clear margins, everything is focused on your story.

The templates are extremely convenient and adaptable in use. They can be used for many different subjects. You can set your colors using Color Control as well as the speed for the video, add your text, and add your own font and music, and you'll get stories that are based on your own style and mood.
