

## Urban Mood Mobile Lightroom Presets (DNG)

2025-02-10 17:02:57    [label](#)    [我要反馈](#)    [下载页面](#)

**Urban Mood Mobile Lightroom Presets (DNG):** This Urban Mood Blogger Preset is a Lightroom CC Mobile photo editing filter that can add moody, dark brown hues to your iPhone photos. This mini bundle is ideal for Instagram influencers, travel bloggers, and content creators seeking to take their innovative photos to new heights with only one click.

This update includes complete VIDEO instructions for installing mobile presets.

Urban Moody bundle includes 5 DNG editable presets for photos that have a moody design and chocolaty brown color adjustments. The presets have a luxurious coffee-like design for portrait and creative photography. Make use of these filters to create an ideal Instagram feed in just a few minutes.

- This listing contains a comprehensive PDF guide with step-by-step instructions (including images) for setting to set up the Lightroom Mobile Presets. This guide contains hyperlinks that take direct you to the directory that contains the DNG presets. It is worth noting that the DNG files are part of the purchase of the listing.
- It is important to note that you must be connected to a DESKTOP computer to access the ZIP file compressed in this list.

### A LISTING OF 5 MOBILE PRESETS IN INCLUDED:

- Urban Mood (Original)
- Brighter
- Cool Tones
- Cool and cozy
- Dark and Bold

### NOTE ABOUT EDITING

- Remember that you'll likely require tweaking your edit a bit based on the photo set, lighting conditions, camera settings, and more.
- For your convenience to make the most of your Lightroom experience, I've provided a few free Lightroom editing tips in this list.
- I've also added 4 different variants that are a variation of the Original preset in order to give you the best edit you can get!
- Note: The 5 presets do not differ in any way between the five presets. There are options to give you additional exposure, temperature, and color adjustments. You can pick from them based on your own preferences.

**Please note:** This collection of presets may not work on the following kinds of images:

- Underexposed Images.
- Overexposed Images.
- Images of low-quality
