2025-02-10 17:05:42　　label 我要反馈　　下载页面

Make this amazing effect by using your photographs in just a few clicks. This feature was created to save you both the time and effort required for every photo.

Spark Light Photoshop Action

My Working Software Version : CS4,CS5,CS6,CC, CC2014,CC2015,CC2017, CC2018, CC2020, CC2021 English Version. The only restriction is that you need to install the program only available in English. At present, the software doesn't support other languages.

Specific Recommendations

For the best results with Photoshop Action, to get the best results with Photoshop Action, you should use only high-resolution images. We suggest resolutions of 2000px by 300 DPI 3500px. It's the best resolution.

The Layers Organization

The most significant advantage of Photoshop Action is that it helps keep layers separate. You can then create your image quickly, while also customizing it according to your preference. Each Photoshop Action has its own layers of the layout.

File Included

1. Brushes (ABR)
2. Action (ATN)
3. The Help File (Notepad)
