**Ghost Syndicate Radikal (WAV) Ableton Live:** "Radikal" from Ghost Syndicate is back with another chapter of Dubstep adventure. Drawing inspiration from authentic percussion-heavy Dubstep dancers, RADIKAL chooses an even more in-depth path and boldly straddles the boundary between trippy rave-fueled lasers as well as classic slow-moving triplet-heavy Dubstep workouts.

It's infused in the most chilly and darkest of environments The honed skills of skilled crafters to near-perfect, RADIKAL, presents an incredible toolkit where you'll encounter hard beats that have sluggish drums and a raucous metallic edge and supersaturated tops that shuffle, simple and minimalistic wobblers, as well in noisy distorted subs or for discos analog synth loops that come in a variety of shapes and colours. The rumbling of back-stabs, neurotic plucks dark pads, and foreboding music loops, are all ready to infuse the stale and polluted air into your music!

With loops that tempo at 140 BPM and a variety of inspirations for Dubstep, Grime, and Bass Music productions. In terms of detail, you'll discover 854 MB of music including all audio recorded at 24-bit and 44.1kHz. There are 24 loops for bass, 62 drum loops 21 hat loops 11 loops for percussion 16 FX, as well as the 11 loops of drum FX. Included are 33 synth one-shots and 125 drum hits and Ableton Live Project files.
