Sunlit Tones wedding Presets for Lightroom & Photoshop

Our approach to wedding photography is Fine Art Wedding Photography: Fine art wedding photography is not only a catchy phrase; it is a Contemporary approach where design is overriding. Fine art wedding pictures are more Picture and stylized than conventional wedding photojournalism like they were Pulled in the pages of a shiny wedding or lifestyle magazine.

These Presets will produce a Sunlit Tones picture edit. Sunlit Tones Wedding provides Your picture a gentle warm sunlit appearance. Additionally adds soft velvety blacks, adds Warmth to each of the color tones, raises the depth picture, adds warmth in The highlights and the shadows, tones the white amounts, and softens the image. Warm up your wedding pictures and provide a glowing and soft exterior look. This is compatible with Lightroom CS4-6 & Creative Cloud Version & Photoshop CS4-CS6 & Creative Cloud Version.

the Very Best Settings I've discovered to achieve the Very Best in Camera raw images for this appearance are

1/160 sec, f/4.5, ISO 100 1/4000 sec, f/1.6, ISO 400 (indirect outdoor lighting) 1/3200 sec, f/2.2, ISO 200 (exterior dusk)
1/200 sec, F/1.4, ISO 800 (for indoor)

*However based upon the light setting you're in this could change. However, a low f stop, and lowest ISO you could be at without creating your Image grainy works nicely. If You're shooting in an automatic manner the portrait Manner or aperture priority mode will work nicely also. In Case You Have questions about the camera set to do this appearance feel free to send us a message we Are always pleased to help regardless of what degree of photography you're at. We Do not need to just offer you presets to modify the tone and appearance of your job, We wish to assist you to attain your signature appearance and help you attain better Photos.
