Glued Poster Mockups Scene Generator: Our Glued poster mockups scene generator will make your design presentations stand out! Your advertising or poster will look realistic. Each poster has shadows and reflections that can be separated. This allows you to adjust the intensity and opacity, and make wrinkles more visible. The smart object layer makes it easy to place your design in just a few clicks

- 20 glued poster mockups
- 20 natural shadows/sunrises
- 30 top-quality textures
- 15 photos of people in motions
- 6 ready-to-use scenes
- Professional photoshoots that pay attention to detail
- Huge resolution. Ideal for print and closeups
- Easy editing via smart object layer. Place your design. Save your design and you are done!
- Each folder and file is well-organized. Each layer is appropriately named
- Documentation for PDF Help
- Compatible with Adobe Photoshop
