Make AI Listen To You : Write Good Prompt To Generate Stunning AI Image: Unlock the art of crafting captivating prompts to bring your AI-generated images to life! This course is your gateway if you're eager to elevate your imagination and turn your visions into reality. Whether for your projects or simply for entertainment, mastering the skill of prompt creation is critical.

Here's how the classes unfold:

- We kick off with the basics.
- Gradually, we add more details, honing in specificity to extract precisely what we envision from the AI.
- I'll unveil 19 distinct types of prompts to generate a variety of visualizations.
- Plus, I'll share valuable tips and provide you with a prompt checklist for your guidance.

No prior experience is necessary! This class utilizes Adobe Firefly, accessible through the Firefly website (Firefly.adobe.com). Whether you prefer using a smartphone or a computer, you're good to go.

Which Image Generator can you use? Any Image Generator of your choice! Whether it's MidJourney, Stable Diffusion, Dall E, or Adobe Firefly, this course caters to your preferences.

Embark on this journey to master the art of prompt creation and breathe life into stunning AI-generated images!
