Captions Pro (Videohive 51163708): This videohive package is designed to streamline the process of adding subtitles to your video projects. This pack includes an Easy-to-Use Template, Help Document, and Step-by-Step Video Tutorial, ensuring seamless integration for users of all levels.

How can we improve the process of adding subtitles to our video projects?

You can use "Captions Pro."

With Motion Graphics Template files included, this pack provides a comprehensive solution for adding professional subtitles to your videos, enhancing accessibility and engagement.

"Captions Pro" Samples:

- Easy Duration Control: Effortlessly synchronize subtitles with video speech using intuitive duration control.
- Highlight Text: Easily emphasize text in each subtitle with word-by-word color animation or underlining.
- Autoresizing Text Box: Text boxes dynamically resize according to text length, maintaining a clean and professional appearance.
- Multiple Text Animations: Choose from 8 text animations for each subtitle or opt for seamless transitions.
- Responsive Text Controls: Adjust text properties, including scale, position, color, and opacity, without compromising design integrity.
- Transparent Overlays: Overlay subtitles onto any project with a transparent background for compatibility with editing software.
- Compatibility: Compatible with Premiere Pro 2021 and all newer versions, ensuring seamless integration.
- 4K Resolution: Enjoy high-quality resolution that can be resized effortlessly.
- Free Fonts: Includes links to free fonts for personal and commercial use.
- Easy Navigation: Well-organized and user-friendly template for smooth navigation.
- Comprehensive Guidance: Comes with a Help Document and Video Tutorial for simplified understanding and implementation.
