**Liveclasses – Capture One Pro 21/22: Styles and Style Brushes:** Welcome to an in-depth class on crafting your styles, presets, and style brushes in Capture One Pro 21/22. Throughout this course, you'll learn when to utilize styles, presets, or style brushes and how to effectively combine them. Explore the art of mixing styles, employing them in layers, and incorporating third-party styles.

Delve into the anatomy of a style "code" and discover which settings to include or exclude. Master the creation of technical styles for fundamental adjustments in exposure, color, and metadata while exploring the crafting of artistic styles with specialized processing techniques. Additionally, I learned to draw inspiration from third-party styles.

Your instructor will guide you through managing processing history using presets, creating style brushes for specific tasks, organizing styles, and assigning hotkeys in macOS. As a bonus, you'll receive 9 unique styles and 5 brushes to enhance your workflow.

**By the end of this class, you will:**

- Grasp the nuances of utilizing styles and style brushes.
- Be proficient in crafting your styles.
- Have a comprehensive understanding of using presets effectively.
