### What is FAMILY Lightroom, Photoshop Preset?

The term "FAMILY Lightroom and Photoshop Preset" likely refers to a pre-defined set of adjustments and settings that can be applied to family photos within Adobe Lightroom and Adobe Photoshop. These presets are designed to streamline the post-processing workflow for family photographers, allowing them to achieve consistent and pleasing results with their images. If you're looking for "FAMILY Lightroom and Photoshop Presets," you might find various preset packs or collections created by photographers and available for purchase or download online. These presets are often categorized by the style or look they achieve, such as "vibrant," "warm and cozy," "classic," or "matte." When using presets or actions, it's essential to adjust them to match the unique characteristics of your photos while maintaining a consistent family photography style.
