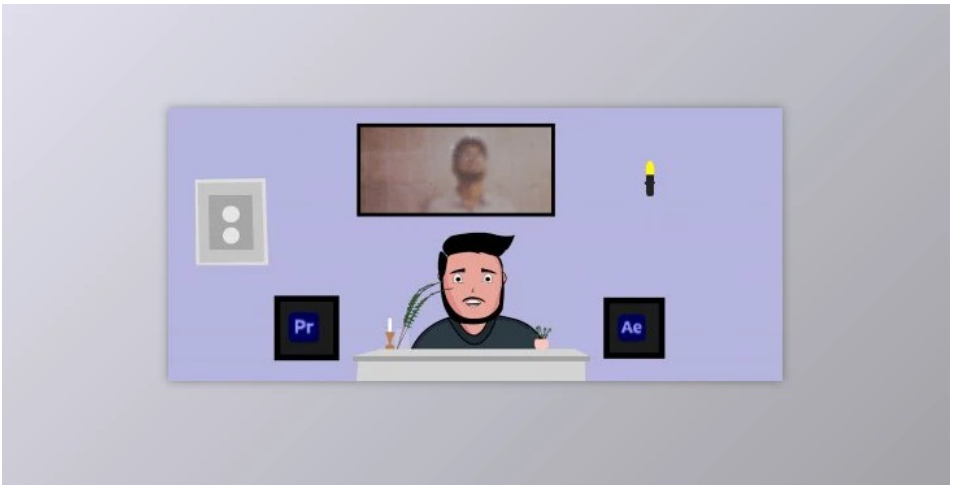
Become Super Hero using Premier Pro and After Effects

2025-02-10 16:57:26 label 我要反馈 下载页面



Become Super Hero using Premier Pro and AE: This class is geared towards Adobe Premiere Pro and After Effects users familiar with the fundamentals. We'll make more superhero effects to test how the fundamental features of these programs can help you create something new.

The primary theme of these talks will focus:

- Built-in Effects
- Cutting and Trimming of Clips
- Merging Two Clips
- Masking
- Rotoscoping
- Green Screen
- Compositing Assets
- We'll achieve these objectives by re-creating a few of the most famous effects that are
- Disintegration Effect by Thanos
- Faster than Supersonic Speed, it's like Flash
- Change of Location from one place to another
- You can copy yourself
- Shoot beams light up eyes

The requirements for your knowledge to be able to pass this course include:

- You need to be aware of the basic concepts
- You must be familiar with the interface and fundamental functions
- A little bit of an idea for keyframe animations

Even if you do not have much information, you can attend this class as the course is taught.

When you finish this course, you'll have the brain's capacity to think outside the box! Since we will be able to create something unique with the least effort!

So take the course, get the buttons in your After Effects and Premier Pro Skills beyond the limits of your computer, and be a superhero in real Life! So GOOD Luck to you! If you share something you've been having learned from these lectures, Be sure to include me in the post!
